**For a logical mind**

Dear parent,

The **Chess'n Math Association** provides chess lessons to over 10,000 children each week in more than 300 schools across Canada.

Chess is a fun activity as well as a tool to stimulate concentration, memorization, imagination and logical thinking.

The **Chess'n Math Association** uses a learning program with levels from beginner to advance. Practical play (hands-on) sessions form a part of every lesson. Exercise sheets are also provided to each child. They can be used at home to review concepts learned in class.

General Vanier School offers students in grades 1 to 6 the possibility to take chess lessons as an extra-curricular activity. The cost is \$80 per child and classes will be given for 8 weeks. The lessons will be given on Wednesdays from 12:06pm to 1:06pm starting April 19<sup>th</sup> 2017.

If more than 12 students register another class will open.

Registrations until April 10<sup>th</sup> 2017.

- Please make cheque payable to the "**Chess'n Math Association**", put the registration form in an envelope with your child's name on it and return it to the school. Please note there is a \$10 fee for cheques with insufficient funds.
- By telephone at 514-845-8352 Ext 21
- Online at [echechs.org/evenement/general-vanier](http://echechs.org/evenement/general-vanier)
