**For a logical mind**

Dear parent,

The **Chess'n Math Association** provides chess lessons to over 10,000 children each week in more than 300 schools across Canada.

Chess is a fun activity as well as a tool to stimulate concentration, memorization, imagination and logical thinking.

The **Chess'n Math Association** uses a learning program with levels from beginner to advance. Practical play (hands-on) sessions form a part of every lesson. Exercise sheets are also provided to each child. They can be used at home to review concepts learned in class.

Pierre Elliot Trudeau Elementary School offers students from Kindergarten to grade 6 the possibility to take chess lessons as an extra-curricular activity. The cost is \$90 per child and classes will be given for 10 weeks. The lessons will be given on Tuesdays from 2:15pm to 3:15pm starting October 10<sup>th</sup> 2017.

Please note that spaces are limited.

Registrations online or by phone until October 4<sup>th</sup> 2017

- Online at [chess-math.org/event/pierre-elliott-trudeau-a2017](http://chess-math.org/event/pierre-elliott-trudeau-a2017)
- By telephone at 514-845-8352 Ext 21

When you register, you can also purchase a 1 year subscription to [www.mychesscourse.com](http://www.mychesscourse.com) for only \$8 + tax = \$9.20

The website [www.mychesscourse.com](http://www.mychesscourse.com) contains study pages and many exercises for the pawn, knight, bishop and rook levels. This modern educational tool is the ideal companion for the student who wants to learn more about chess.

As well as the following chess sets:

*Chess Kingdom* (King 2¾") at \$15

*Complete Chess Kit* (King 3¾") at \$25

Those who purchased chess kits from the Association will have their products delivered to the school for the first class

**For more information about our chess activities, please visit our website [www.chess-math.org](http://www.chess-math.org)**
